

The Celtic Elegance Pen Kit Assembly

Line up the finished parts according to the above diagram.

- **Put the Spring on to end of Refill**
- **Place Refill (with spring on it) into the open end of tip**
- **Slide Mechanism over Refill and screw in to the Tip**
- **Slide Clip on to coupler end of Cap**
- **Make sure you protect your cap**
- **Take the Cap (with the Clip on it) and press coupler end on to one end of finished tube**
- **Slide the finished tube over the clip assembly until it's flush against the tip Coupler**

The pen operates by holding the tip and twisting the barrel portion in one direction. This is a Single twist kit.

Your Tip and Cap should come pre-assembled, but just in case you take it apart or it comes un-assembled look below for order of pieces

Tip, Spacer, Decorative Band, Coupler w/ threaded end facing tip.

Coupler Screws into Cap. Non-Threaded end presses into finished tube

REFILL: You can either pull the barrel off ,unscrew Mech. Or...you can unscrew the GOLD tip from black piece at end of black tip and put refill up through there.
